\$5,400

A pair of French turn of the century cast iron Medici urn planters from the early 20th century, with flaring lips, gadroon motifs, fluted bodies and square bases. Created in France at the Turn of the Century which saw the transition between the 19th to the 20th, this pair of Medici urns captures our attention with its Classical lines and great rustic character. Each urn features a tapering body with fluted accents, topped with a large lip adorned with scoop motifs. Raised on petite square bases, the urns boast a nicely weathered patina revealing their life spent outdoors.
